

Advanced formula for hair follicles & healthy hair growth

Wellman Tricologic® is a carefully balanced combination of vitamins, minerals and bio-active nutrients developed to nourish hair follicles and support the healthy growth of hair. Wellman Tricologic® delivers its benefits via the bloodstream directly to the hair roots and has been formulated on the basis of the latest scientific research.

Wellman Tricologic® is ideal for men who want to help maintain:

- existing hair growth as they age
- hair thickness
- the condition of their hair and scalp

Hair Follicles

Utilises *Keratone*™, a combination of lignans, amino-acids and natural antioxidants specifically designed to nourish hair follicles, helping to keep hair looking thick and healthy.

Hair

Includes PABA (para-aminobenzoic acid) and pantothenic acid for the maintenance of natural hair colour. Also contains iron, which may play a role in helping to retain a good head of hair.

Scalp

Biotin is important through its action on the metabolism of scalp oils. Niacin helps maintain blood circulation within the scalp and helps support the metabolism of hair follicles.

Not to be taken on an empty stomach (see directions on back of box).

A general multivitamin and mineral supplement is not necessary in addition to Wellman Tricologic®.

This product contains iron which if taken in excess by very young children may be harmful.

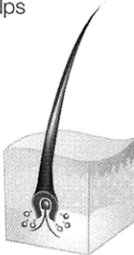

FOOD SUPPLEMENT. This product is not a substitute for a healthy balanced diet.

As with all supplements seek professional advice before using if you suffer from food allergies.

nutritional information

	Av. per 3 tablets	% RDA*
Lignans (as Secoisolariciresinol Diglucoside)	150 mg	—
Myo Inositol	50 mg	—
Proanthocyanidins (Red Grape Extract)	5 mg	—
N-Acetyl Cysteine	50 mg	—
L-Cystine	50 mg	—
L-Methionine	50 mg	—
Choline	100 mg	—
L-Lysine	50 mg	—
Vitamin E	60 mg	600
Vitamin C	180 mg	300
Thiamin (Vitamin B1)	10 mg	714
Riboflavin (Vitamin B2)	8 mg	500
