

PATIENT INFORMATION LEAFLET
GAVISCON PEPPERMINT FLAVOUR TABLETS
Sodium alginate
Sodium hydrogen carbonate
Calcium carbonate

Please read this leaflet carefully before you take this medicine. If you are not sure about anything ask your pharmacist or doctor

What are Gaviscon Peppermint Flavour Tablets?

Gaviscon Peppermint Flavour Tablets belong to a group of medicines called "reflux suppressants", which form a protective layer on top of the stomach contents to prevent stomach acid escaping from the stomach where it works into the food pipe causing pain and discomfort.

What are Gaviscon Peppermint Flavour Tablets used for?

Gaviscon Peppermint Flavour Tablets are used for the treatment of symptoms of gastro-oesophageal reflux such as acid regurgitation, heartburn and indigestion (related to reflux) which may occur, for example, following meals or during pregnancy, and in patients with symptoms related to oesophagitis.

Before taking Gaviscon Peppermint Flavour Tablets:

Do not take this product if:

- you know you are allergic to any of the ingredients as very rarely difficulty in breathing and skin rashes have occurred (see further information for a full list of ingredients).

Take special care before treatment with Gaviscon Peppermint Flavour Tablets:

This medicine contains sodium (10.6 mmol per four tablet dose) and calcium (3.2 mmol per four tablet dose).

- If you have been advised to follow a diet restricted in either of these salts please consult your doctor before taking this product.
- Please also talk to your doctor regarding these salt contents if you suffer or have suffered from significant kidney or heart disease, as certain salts could interfere with these diseases.

If you have phenylketonuria, note that this product is sweetened with aspartame, a source of phenylalanine.

Taking other medicines:

Do **not** take this product within two hours of taking other medicines by mouth as it can interfere with the action of some other medicines. This is especially important if you are taking antibiotics (tetracyclines and quinolones such as orfloxacin), iron preparation, antifungals such as ketoconazole, digoxin and beta blockers (for heart conditions), penicillamine (commonly for rheumatoid arthritis), glucocorticoid (for inflammatory and autoimmune disorders), neuroleptics (for mental illness), thyroid hormones, chloroquine (for malaria), estramustine (for prostate cancer) and biphosphonates (for osteoporosis).

Pregnancy and breast-feeding:

You can take this product if you are pregnant or breast-feeding. As with all medicines, the treatment duration should be limited as much as possible.

How to take Gaviscon Peppermint Flavour Tablets:

For oral administration. Chew thoroughly before swallowing.

Adults, including the elderly and children 12 years and over:

When symptoms occur take two to four tablets after meals and at bedtime.

Children under 12 years: Should only be taken on medical advice.

If you forget a dose, it is not necessary to double the dose next time, just carry on taking as before.

If you take too much of this product you may feel bloated. It is unlikely to cause you any harm, but please consult your doctor or pharmacist.

After taking Gaviscon Peppermint Flavour Tablets:

If symptoms persist after 7 days consult your doctor.

Possible side effects:

Very rare (less than 1 in 10,000) chance of an allergic reaction to the ingredients. Symptoms of this may include skin rash, itching, difficulty breathing, dizziness, or swelling of the face, lips, tongue or throat. If you experience these or any other side-effects stop taking the product and consult your doctor immediately.

If you get any side effects, talk to your doctor, pharmacist or nurse.

This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the Yellow Card Scheme at: "<http://www.mhra.gov.uk/yellowcard>". By reporting side effects, you can help provide more information on the safety of this medicine.

Storing your medicine:

Do not use this product after the expiry date (EXP: month/year) shown

KEEP OUT OF THE REACH AND SIGHT OF CHILDREN

Do not store above 30°C.
