

Patient Information

Polytar Liquid Scalp Treatment – 150ml & 250ml

Directions: Wet hair. Apply enough Polytar Liquid to produce an abundant lather while massaging into the scalp and adjacent areas. Rinse and repeat. Use once or twice weekly, or as recommended by your pharmacist. If symptoms persist consult your doctor.

Medicated scalp treatment contains: Tar blend* 1% w/w.

*Tar blend consists of coal tar, pine tar, cade oil, coal tar solution and arachis oil extract. Arachis oil contains refined peanut oil.

Other ingredients: Oleyl alcohol, coconut diethanolamide, hexylene glycol, polysorbate 80, triethanolamine lauryl sulphate, sodium chloride, citric acid, octoxinol, imidurea, fragrance 5412, water.

Tar products may cause skin irritation, rashes and rarely, photosensitivity. If irritation occurs and persists, treatment should be discontinued.
