

Joy-rides Tablets

Hyoscine Hydrobromide

Please read right through this information carefully before you start using this medicine.

What Joy-rides Tablets do

Joy-rides Tablets are taken for the prevention of motion sickness. The active ingredient is hyoscine hydrobromide which acts on the brain to prevent messages of motion-sickness reaching the stomach.

Check before you take Joy-rides Tablets

Do not take Joy-rides Tablets:

- If you have ever had an allergic reaction to hyoscine or to any of the other ingredients (see Further information).
- If you have glaucoma (raised pressure in the eye).
- If you are under 3 years unless your doctor tells you to.

Take special care with Joy-rides Tablets

- Do not drive or operate machinery if the tablets make you feel drowsy.
- Do not drink alcohol while using Joy-rides Tablets.

If you are taking other medicines

Talk to your doctor or pharmacist before taking these tablets if you are taking any prescribed medicines; particularly phenothiazines; tricyclic antidepressants; or medicines for heartburn containing aluminium hydroxide.

Pregnancy and breast-feeding

Talk to your doctor before you take this medicine if you are pregnant or breast feeding.

How to use Joy-rides Tablets

Chew the tablets before swallowing.

It is best to take Joy-rides Tablets 20 minutes before you start your journey.

First dose (tablet)	1/2	1	1-2	2
Repeat dose after 6 hours if needed.				
Maximum number of tablets in 24 hours	1	2	2	4

Do not take more than the recommended dose.

If you take too many tablets

Contact your doctor or casualty department.

Possible side effects

Like all medicines, Joy-rides Tablets can have side effects, but not everybody gets them:

The following side effects may occur.

Tell your doctor if you get dry mouth, dizziness, blurred vision or difficulty passing urine.

If you are epileptic you might suffer from increased seizure frequency.

If you do get any side effects, even those not mentioned, tell your doctor or pharmacist.

How to store Joy-rides Tablets

Keep out of the reach and sight of children .

Do not use this medicine after the 'EXP' date shown on the pack.

Store below 25°C in a dry place.
